## **SECTION I: EDUCATIONAL PHILOSOPHY**

### **MISSION**

Rye Junior High School will provide appropriately responsive school programs, policies, and practices to meet the particular intellectual, physical, social, and emotional needs of each middle level learner. Every young adolescent can learn, and we resolve to make that learning a reality.

### **BELIEFS**

#### **COMMUNITY OF LEARNERS**

- All people can and do learn throughout their lives.
- Everyone with the community shares a responsibility for developing and nurturing the whole child.
- Each individual possesses the ability to think, to learn, and to be creative.
- Each individual has the right to reach his/her own potential.
- Each individual needs to know his/her intrinsic worth in order to develop personally, socially, and academically.
- Young adolescence is a critical time for identity formation and the development of decision making skills.
- Diversity enhances and enriches the individual and society.
- Success requires respect for self and others.
- Young adolescents are talented in unique ways with a personal mix of diverse intelligences.

#### **ASSESSMENT AND TEACHING STRATEGIES**

- Students need to be actively involved in programs that integrate physical and intellectual activity.
- Students can be taught and can learn content material in a manner that complements their learning styles.
- Assessment of academic achievement includes evaluation of the process as well as the product.
- The higher the expectation, the higher the achievement.

#### **RESPONSIBILITY AND COMMUNITY**

- Everyone is accountable for his/her actions.
- Each individual has a responsibility to the community.
- The entire school community (staff, parents/guardian, students, and the community) shares in the responsibility for maximum student growth.

### **Being a successful student**

In order to be a successful student, I need to:

- Do my best in all subject areas

- Take advantage of extra help if I need it
- Make up work when I am absent
- Take responsibility for my own learning
- Take responsibility for my actions
- Listen carefully to and follow directions
- Be prepared with everything I need for class
- Pay attention and participate in class
- Communicate with my parents/guardians about homework, classes, grades
- Work regularly on long term assignments so I get them in on time
- Study regularly so I do not have to cram for a test
- Treat others with respect
- Handle property with respect
- Talk with the appropriate person if I have a problem

I realize that I get out of school what I put into it. If I try my best and do what I am capable of, I will succeed, and that is what everyone wants for me.

### **Suggestions for Parents/guardians**

The education of your child is a community effort and responsibility. It is the result of a collaborative effort among the student, the school, and the parents/guardian. In recognition of this shared responsibility, here are some things that can be done at home to help your child.

- Provide a home environment that encourages learning.
- Provide a small, but meaningful home library.
- Review the entries in your child's agenda book.
- Encourage that homework be done at the same time and at the same place each day.
- Discuss the school day's events with your child.
- Make contact regularly with your child's teachers.
- Attend open house, parents/guardian night, and other school events.
- Help your child be ready for the next school day.

## **SECTION II: ACADEMICS AND SCHOOL RULES**

### **ACADEMIC DIFFICULTY**

It is our goal as a school to provide the assistance needed for each student to succeed in his/her studies. Students who experience academic difficulty have a number of resources to aid in improvement. Teachers are always available to assist students, as is the Homework Club program that is offered as an after school program on Mondays through Thursdays. ***By mutual agreement (teachers and parent/guardian), arrangements may be made for weekly progress reports that will be subject to periodic re-evaluation.*** Students who work hard to complete their assignments and communicate with their teachers will be successful. Coupled with academic performance, effort and attitude are very important factors in determining grades.

## **ACADEMIC INTEGRITY**

All students have the responsibility to produce and complete their own academic work. Failure to accept this responsibility and pass in work that is not one's own is cheating.

To avoid plagiarism you must give credit whenever you use:

- Another person's ideas, opinions, or theories,
- Any facts, statistics, images, or creative works (art, music, etc.)
- Quotations of another's spoken words.

Incidents of cheating, including plagiarism, will be looked at very seriously. Student will receive appropriate disciplinary action. Parents/guardian will be notified by the teacher or the Principal.

### **Consequences for cheating:**

Individual teachers will address incidents of cheating. Consequences may include but are not limited to:

- Re-do an assignment, quiz or exam
- An afterschool detention (first offense)
- Referral to the school administration

More serious consequences will be imposed should there be further incidents of plagiarism.

## **ADDRESSING CONCERNS**

Whenever you have a concern or problem, please let us know so we can discuss it and attempt to come up with a workable solution.

*First Step:* You should always contact the teacher first. The majority of concerns can be immediately addressed and resolved through direct contact with the teacher.

*Second Step:* If you still have a concern then you should talk to the Principal. Under most circumstances this would be done only after direct contact with the teacher.

*Third Step:* The next step for resolution of a concern is to talk to the Superintendent of Schools, Salvatore Petralia. He can be reached at 603-422-9572 or [spetralia@sau50.org](mailto:spetralia@sau50.org).

*Fourth Step:* If your concern has not been remedied by the above, the final step would be to contact the Rye School Board, Board Chairman.

## **ATTENDANCE**

Regular attendance in school is essential to a student's educational development. Each student is required by law to attend school during all times the school is in session. Consequently, ***we strongly discourage parent(s)/guardian(s) from extending vacations or making appointments during the school day, as these appointments interrupt a student's educational plan.*** It is our hope that students understand the importance of regular attendance and punctuality. We realize that a student may be absent occasionally during the school year for personal illness, death in the family, family emergencies or religious holidays. When a student is going to be absent from the school, parents/guardian need to call the office (964-5591) the morning of the absence, preferably before 8:30. Should a call not be received, it is our policy to call the home of the student, his / her parents/guardian workplaces, or the listed emergency phone numbers. If no one is reached, a phone call will be made to the Rye Police Department informing them of the absence of the

student. The safety and well being of your child is our concern. For a student to attend or participate in an extra-curricular activity, he/she must be in school for at least four periods the day of the event, or upon approval of the principal. Students who plan to be dismissed from school during the hours school is in session should bring in a note from home to the office stating the reason and signed by a parents/guardian.

### **Tardiness to school**

Any student not present in homeroom at 8:10, the time attendance is taken, will be considered tardy. The tardy student must report to the office and be *signed in by a parent/guardian* before going to class. Should a student be tardy to school due to the late arrival of a school bus, the student will not be marked tardy. Habitual tardiness will be discussed with the student, parents/guardian and principal.

## **CONFERENCES**

Parent/guardian conferences are a good form of communication between parents/guardian and teachers. Conferences will be scheduled in the fall but parents/guardians are invited to schedule conferences at anytime during the school year. To set up a meeting, parents/guardian can call or email, their child's advisor, grade level teachers or the guidance counselor. Teachers may call parents/guardian to set up conferences as they deem necessary. Conferences can help redirect students as well as give positive feedback.

## **DETENTIONS / SUSPENSIONS**

### **Afternoon Detention**

Students may be assigned a detention by any member of the school staff. A detention will be assigned because of misbehavior, repeated tardiness, or any conduct that is disruptive to the members of a classroom or the student body.

Detentions typically occur from 3:00-4:00 or may be extended by a staff member.

### **In-School Suspension**

As an alternative to out-of-school suspension, a student may be assigned to in-school suspension. The student will be required to complete classroom work. A student on in-school suspension cannot participate in extracurricular activities on that day nor attend the next dance.

### **Out-of-School Suspension**

Serious offenses or willful refusal to follow the rules set by the school could result in suspension from school. Parents or legal guardians will be notified in writing of the action taken. A suspended student may not participate in extracurricular activities on that day nor attend the next dance.

### **Expulsion**

In rare cases, extreme offenses may result in a student being expelled from school for the remainder of the school year.

## **DISMISSALS**

Students will be dismissed from the Main Office. A note or call from parents/guardian should be brought to the office upon morning arrival. Parents or legal guardians must **personally** sign out students in the office.

## **HOMEROOM ADVISORY**

We continue our advisory program in our homeroom system. We made the transition from the traditional homeroom where students received the daily announcements and attendance was taken each morning.

If a parent/guardian feels there is an issue with their child, they should contact their advisor to discuss. The advisor will be responsible to communicate this information with the grade level team, guidance counselor or even the principal if necessary.

## **HOMEWORK**

The purposes of homework are to improve the learning processes, to aid in the mastery of skills, and as an extension of daily classroom activities. Students are expected to complete all assignments and to follow the guidelines given by their classroom teacher. Both daily and long-term assignments should be written in the student's agenda book.

If a student is absent due to illness or extenuating circumstances, the student is expected to complete all make-up homework within a timely fashion, but no longer than two weeks after his/her return. If your student is out of school for one day they need to check in with their teachers for any missed work the following day. If they are out for two or more days, you may request homework for them by calling the office in the morning, and can pick up between 2:30 and 3:30 p.m. Teachers have regularly scheduled after school extra help sessions. The after school Homework Club is also available to assist students.

## **REPORT CARDS/POWER SCHOOL**

Each school year is divided into three terms. Throughout the term, the teachers post grades for assignments on Power School, an on-line system. Parents/guardians and students are encouraged to regularly check Power School for missing assignments and student progress. At the end of each term students receive a report card. This card forms a basis of communication with parents/guardians concerning academic progress and motivation. *The report card envelopes must be signed by parents/guardian and returned to the student's advisor.* This is not a legal document. When turned in with your signature we know you received it. Parents/guardians are encouraged to contact their child's teachers to discuss academic progress at any time throughout the year.

## **SCHOOL BOARD AND DISTRICT POLICIES AND PROCEDURES**

The Rye School Board meets regularly on the third Wednesday of each month at RJH. All are welcome to attend. Other special meetings are scheduled as needed. Meeting dates and times are posted on the School Board web site, in the schools, at the Town Hall, and on a sandwich board in front of the Rye Junior High School the day before and the day of the meeting. Agenda and minutes of the meetings are posted on a link on the websites of both schools. All school board policies are on file in the SAU 50 office, Rye Elementary School, Rye Junior High School, and on the Rye School Board website.

#### **SCHOOL DISTRICT CRITERIA FOR SPECIAL EDUCATION EVALUATIONS**

The State and Federal special education laws require that the school district evaluate children with disabilities who are in need of special education and related services. The district evaluates

children upon referral for special education and reevaluates educationally disabled children at least once every three years or when conditions warrant a reevaluation.

The district is committed to ensuring that each student's IEP team bases its decision on high quality, reliable and educationally sound special education evaluations.

As a result, the district has established the following list of criteria for all special education evaluations the district conducts, obtains or funds.

1. The evaluation must comply with the relevant provisions of the State and Federal special education laws, including 34 C.F.R. §§ 300.301–300.311, and N.H. Code of Administrative Rules Ed 1107.
2. The evaluation must be conducted in New Hampshire, by an evaluator whose principal office is located in New Hampshire, unless there is no qualified evaluator in New Hampshire.
3. The evaluator must hold a valid license from the State of New Hampshire in the field related to the known or suspected disability. The evaluator must have extensive training and experience in evaluation in the area(s) of concern and be able to interpret the instructional implications of the evaluation results. In instances where no “applicable license” exists, the district must be satisfied that the evaluator has extensive training and experience related to the known or suspected disability.
4. The cost of the evaluation shall not exceed the usual and customary rate for such evaluations.
5. The school district will not pay for the evaluation until it receives the evaluator's report.
6. The evaluator must review relevant educational records.
7. Unless otherwise determined by the members of the student's IEP team, the evaluator must either: a) observe the student in one or more educational settings; or b) make at least one contact with the student's general education teacher for the purpose of determining how the student is progressing in the general curriculum. In addition, evaluators are encouraged to make additional contacts with other involved general and special education teachers and related service providers.
8. The evaluator must be permitted to directly communicate and share information with members of the IEP team, the district's special education director, and the director's designees. The evaluator must also release the assessments and results, including any parent and teacher questionnaires, to members of the IEP team, the district's special education director, and the director's designees.
9. The district shall be entitled to inspect and obtain copies of the evaluator's records, including any records created by third parties. However, those records will not be deemed accessible to any school district personnel other than the evaluator, unless and until the district exercises its right to inspect or obtain copies of those records from the evaluator.

Unique circumstances may justify deviation from these criteria. If a parent or district staff member is aware of such unique circumstances, they should inform the student's case manager or the district's special education director immediately.

After the above initial disciplinary action, the student will meet with the Building Administrator or guidance counselor to determine a course of action.

A student who follows the recommended course of action may, at the Building Administrator's discretion, continue to participate in extra-curricular activities as long as the involvement is successful and there is no further evidence of drug or alcohol involvement.

If a student refuses to participate in the recommended course of action, then s/he will be dropped from any extracurricular activities in which s/he is presently participating.

Second offenses within the same school year shall be referred to the School Board for an expulsion hearing.

Reasonable, respectful behavior is expected during the students' attendance at a school dance. Students may not bring overnight bags, book bags or backpacks to a dance. Once students have arrived, they must remain in the school building or notify a staff member if they leave early with a parent or legal guardian. Guests from other SAU 50 middle schools and middle school aged Rye residents are welcome.

**In order for a student to attend a dance, he/she must be in school for at least four periods the day of the event, or by permission of the principal.** *All students attending the dance must adhere to the school dress code.*

## DRESS CODE

### **Rye Middle Respectful Dress Policy:**

We ask students to exercise good judgment in planning appropriate and neat dress for school. Parents should take an active role in helping their adolescents to select clothing that reflect their values at home. If a student is believed by any teacher to be violating dress code they will be asked to consult with the principal, nurse, or guidance counselor to decide if their outfit is within the guidelines of the dress code. Students deemed to be breaking the dress code will be asked to change. Clothes and accessories that are considered inappropriate include, but are not limited to: immodest clothing, shirts with offensive language or graphics that promote drugs, sex, alcohol, weaponry, gangs, etc. If clothing is determined to be inappropriate, either a parent will be contacted to bring a change of clothing to the school or the student will be required to wear an outfit provided by the Guidance Counselor or Nurse. We recommend students bring a spare set of clothes to school to store in their locker for the duration of the school year in case of a dress code violation. The administration may suspend aspects of the dress code for special events (costume day, fundraiser, etc.)

- Students may not wear clothing that exposes undergarments or inappropriately exposes the body.
- Off-the-shoulder tops are permitted but must not inappropriately expose the body.
- Shorts, rompers, skirts, and dresses must be of an appropriate length and sufficient to conceal the body.
- Straps on shirts, dresses, or other tops must be of a width sufficient to conceal undergarments.
- See-through, sheer, see through lace, fishnet fabrics (clothing with large holes), low cut tops, bare midriffs, and swimwear are prohibited.
- Students may not wear pants in a sagging manner, such that skin, body parts, or undergarments are visible or uncovered.

- Students may not wear pajamas, casual flannel pants, or slippers to school.
- Students may not wear hats, caps or hoods in the building during the school day, unless that head apparel is part of a student's customary religious attire or there are medical reasons.

*PLEASE NOTE: by signing the agreement at the beginning of this book you are also agreeing that should your child be in violation of the dress code and you are unable to provide appropriate clothing for him/her to change into, clothing will be provided by the Guidance Counselor or School Nurse.*

## **ELECTRONIC DEVICES**

RJH does not promote students bringing electronic devices to school, but understand they can be convenient for a student to have after school hours. These devices are NOT to be used during school. They may be accessed before school begins or after dismissal. They include: cell phones, iPods, MP3 players and other similar electronic devices.

## **EVACUATION PLAN**

We hope that there will never be an emergency in our school that necessitates an evacuation, but we must be ready if there is a need. Each student is expected to:

- o Know the proper exit from any part of the building. This is posted in each room.
- o Walk in a quiet, orderly manner.
- o Stay with the classroom teacher.
- o In a silent and orderly manner, exit the building and remain outside in the designated locations until requested to return to the building.
- o Refrain from all talking.
- o Listen and follow directions from adults.

## **FIELD TRIPS**

Field trips are considered an extension of the school's curriculum and instructional program. The expectations for behavior on a field trip are identical to those for behavior in school. Students are representatives of Rye Junior High School and appropriate decorum is expected. All students participating in the field trip must have written parental / legal guardian permission. Pertinent information regarding the field trip will be sent home with a permission slip or available online. The school's written permission slip must be returned to the teacher sponsoring the trip.

## **GUIDANCE PROGRAM**

Rye Junior High School guidance counselor provides many services for students, parents/guardian and school staff. Specific services include: academic guidance, personal and social counseling, student assessment, and referral to outside sources. Parents/guardians are encouraged to contact Mrs. Dunn, RJH school counselor, if you have concerns or questions at 964-5591 Ext. # 303 or at adunn@sau50.org.

## **GUM CHEWING AND FOOD**

Gum chewing is not allowed in the building. Eating in the cafeteria is allowed at snack time and lunch only or in the classroom when as part of a classroom activity. There should be no consumption of food or beverages in the hallways. Students may carry and consume water in their classes. No glass containers.

A registered nurse provides assessment and care of ill and / or injured students. Vision screenings are performed for all 7th grade students and upon request. Height and weight screenings are performed on all students once each year.

A student must obtain a pass from a teacher to visit the nurse. All dismissals from school due to illness or injury require verbal consent from a parent/guardian. Parents/guardians work numbers and emergency numbers are kept in the Health Office and the Front Office. Please call the office with any updates / changes to those numbers.

All children attending Rye Junior High School must be in compliance with the New Hampshire's current immunization laws and regulations.

Students will be excluded from school until the student provides verification of the immunizations received, has a scheduled plan signed by the physician, or obtains an exemption signed according to the provisions of the law. State law requires that all children be immunized for school attendance (Diphtheria, Tetanus, Pertussis, Polio, Measles, Rubella, Mumps, Varicella, Hepatitis B). Children must have proof of all required immunizations, or valid exemptions, in order to attend the first day of school.
