

Welcome to the Seventh Grade!

We hope you are enjoying your summer break! Be sure to get lots of rest and relaxation because you will be starting a new adventure in seventh grade before you know it!

The seventh grade team is incredibly excited to start the 2018-2019 school year with students from both Rye and New Castle. We guarantee this is going to be a memorable year of middle school!

In the coming year, we will be studying the Constitution as well as Westward Expansion, the Civil War, and the Industrial Revolution in social studies classes. In language arts, you will utilize new tools and create projects to enhance and demonstrate various literacy skills. In math, you will transfer many mathematical concepts to real-world activities. In science, you will use a variety of tools and hands-on approaches to learn and explore more about our world.

In addition to promoting academic progress, we will work with your child to implement organizational skills and support their social and emotional growth. The team will continue to encourage independent management skills in order to ensure that we are addressing all of your child's needs as a middle school learner.

Should you have any questions prior to that start of school, please do not hesitate to reach out to any team member. We are looking forward to seeing you for the beginning of a great, new year!

Sincerely,

Mrs. Jennifer Miller
7th Grade Language Arts/Social Studies
