~Our  
Philosophy~Whole  
Child

Students will use  
creative **problem-  
solving** while  
learning the  
necessary skills to  
**achieve**

academically, socially, and emotionally. If  
children feel **respected and cared** for  
there will be an environment where  
**learning will flourish!**

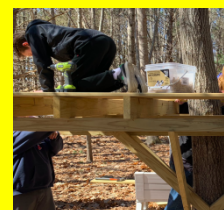

Stay tuned for grading policies and  
curriculum information that will be given at  
the start of the year.

Please stay connected with us via our
